## Education

<b>Bachelor of Engineering in Artificial Intelligence &amp; Data Science,</b> <i>K. K Wagh Institute of Engineering &amp; Research</i> SGPA : 7.83	2020 – 2024 Nashik, India
<b>Jawahar Navodaya Vidyalaya, Class X</b> Percent : 79.8%	Shegaon, India
<b>Jawahar Navodaya Vidyalaya, Class XII - Science</b> Percent : 73.6%	Shegaon, India

## Professional Experience

<b>Intern at Nutshell Infosoft PVT.LTD, Dotnet Developer</b> • Excelled in SQL Server for secure database management, adeptly developing .NET MVC web applications with Blazor for a modern UI. Seamless integration of external APIs, ensuring smooth data exchange. Applied dependency injection for enhanced functionality.	02/2023 – 04/2023 Nashik, India
---	------------------------------------

## Projects

<b>Learn_Smooth, Personalised Learning System using Natural language Processing</b> • I designed and developed Learning Platform to provide Personalised Learning using NLP, deep learning and ML Algorithms • I do have implemented this using React,Django ,Python and GPT 4.0	06/2023 – 06/2023
<b>Optimizing Accommodations: A Data Science Approach to Personalized Living</b> Executed end-to-end data science tasks: data prep, visualization, and machine learning, focusing on personalized accommodation preferences.used Computer vision. Emphasized the significance of food in daily life.	11/2022 – 01/2023
<b>VoteChain, Secure and Transparent Voting System</b> • I created a blockchain-based voting machine in C++. It leveraged Digital Signature Algorithm (DSA) and cryptographic techniques using SHA for secure transactions.	08/2021 – 08/2021

## Skills

C++, Python, Java, C#, , ASP.NET,SQL Server,  
MySQL, Visual Studio, Git, CI/CD,MATLAB  
,Linux/Unix Syncfusion,VB.Net, ML, AI, DS, Neural  
Network Tensorflow Data Analysis, Data  
Visualization, Git, Version Control, UI Design.

## Certificates

<b>SQL &amp; Java Training</b> Issuing Organization : Zensar Technologies Date Earned : August 2023	<b>Javascript Training</b> Issuing Organization : Llnedin Learning Date Earned : Jan 2023	<b>Training Neural Network in C++</b> Issuing Organization : Linkedin Learning Date Earned : May 2023
